

B.P. SUPPORT TRIPACK SYSTEM™

Information and Instructions

First Tripack Of Its Kind To Combat Difficult Blood Pressure

Description:

This Tripack combination offers your body the nutrients it needs to manage and combat the effects of elevated blood pressure. Using medicinal herbs from Asia and Europe with proven clinical history, we have come up with a unique cocktail that the body likes and responds to. Based on clinical studies from around the world (Natural Standards Clinical Data Base) the ingredients used are the finest available that have been shown to have a therapeutic effect on the body.

Function:

BP Balance AF

BP Balance AF is a gentle but effective Chinese Medicinal Blood Pressure preparation that for over 4 decades has been used worldwide by holistic and naturopathic healthcare practitioners in Asia, Europe and the Americas. Developed from a blend of proprietary Chinese herbs and roots, the Chinese understand the unique blending of the roots, stem and flowers of medicinal plant and how they relate to the total body and good health. This advanced formula is the most popular blend being used in Asia today for blood pressure health.

Hyperten AF

Hyperten AF Version 4 is the first choice of naturopathic doctor both in the US and Canada because it is safe, all natural and effective. When tested against Dr. Xiu's Holistrol, and Dr. Whitaker's BP Essential; Hyperten AF was found to be superior in performance and overall effectiveness. This exceptional formula contains the following ingredients which have been clinically shown (i.e.: Natural Standards Clinical Data Base) to be highly effective in lowering blood pressure: Terminalia Arjuna Bark Extract, Deer Antler Velvet Powder, Indian Snakeroot, Cordyceps Sinensis, Danshen Root, Lotus Embryo, Holy Leaf Extract, Eucommia Ulmoides Bark Extract, Theobroma Cacao Extract, Gypenosides, and Inula Racemosa Extract

Contropres AF

Contropres AF is a blend of clinically proven herbs to control and manage blood pressure issues with a unique blend of Nutraceutical utilizing standardized European and Chinese herbs, manufactured in the USA, that clinically has been shown to help manage the function of blood pressure issues naturally and support a healthy cardiovascular function. It is a botanical alternative formulation which contains a blend of balanced nutraceuticals, which is the most complete and effective formula for the management of the body's blood pressure function. The formula contains a proprietary blend of Bonito Fish Peptide, Holy Leaf Tea, Magnesium, Celery Seed, Stevia Extract, Taurine, Coleus Forskohlii Extract, Hawthorn Berry Extract, Daikon Radish Extract.

HOW TO TAKE THE BP MANAGEMENT SYSTEM

141/91 to 160/95 – take 12 Kosher capsules daily of each formula as personally needed*: Two (2) of each at breakfast, repeat at dinner, also take two (2) capsule of each formula at bedtime.

161/96 to 179/99 – take 16 Kosher capsules daily of each formula as personally needed*: Two (2) or three (3) of each at breakfast, repeat at lunch and dinner, also take two (2) or three (3) capsule of each formula at bedtime. It is also recommended that you use Nattocare AF™ to help stabilize your blood pressure at this level.

180/100 or higher - take 24 Kosher capsules daily of each formula as personally needed*: Three (3) or four (4) of each at breakfast, lunch and dinner and three (3) or four (4) at bedtime. It is also recommended that you also take our Nattocare AF™ and Kidney Support formulas to help stabilize your blood pressure at this level.

(* = add or subtract as needed)

It is extremely important for those that are currently taking prescription blood pressure medicine from your family doctors to continue taking those meds. As your blood pressure decreases back into the normal range, you can then speak to your doctor about your better reading.
